

ASSIGNMENT BOOK

Joan Sedita, M.Ed.*

A good assignment book is essential for completing homework successfully. Sometimes schools provide a standard assignment book, and office supply stores usually carry a variety of student assignment books at the start of the school year. Many of these products have been designed quite well. However, some are too bulky, do not have three-holes so they can be kept in a notebook, or do not provide enough space to note assignments, teacher/parent comments, or signatures. If you cannot find a good, pre-printed assignment book, you may want to consider creating your own assignment book

Directions:

Print out as many blank assignment pages as you need, hole-punch them, and put them in your Working Notebook. Use one sheet daily.
